

## **2012 Board Candidate Bios**

### Ashton Pointe HOA

#### **Joel Dieleman**

My wife Sandy and I have lived at the end of Enfield Circle since May of 2005. We have two kids, Rachel (age 5) and Ryan (age 2). My wife Sandy works for Iowa Health Home Care in Urbandale. I am currently self-employed with an organic lawn care fertilizer business, Natural Weed & Feed. I have previously worked in horticulture and sales. I am currently part of the Polk County Master Gardeners and have taken numerous Master Gardener classes. I have a personal interest in serving on the Board to offer any advice I can to ensure the prairie and common areas are properly maintained to protect our investment in the trees and plants.

#### **Bob Larkin**

I live at 9601 Enfield Drive with my wife, Sally and two children, Pierce(17) and Spencer(15). We moved to Ashton Pointe in July of 2009. I am the Director of Packaging and Graphics for ACH Food Co based out of the Tones plant in Ankeny. I have 32 years of professional experience working for 7 major corporations and currently manage 11 individuals along with a budget in excess of \$1,000,000. I served on the HOA board in my previous neighborhood in Lakeland, TN for 3 years. Our HOA in Tennessee was made up of over 200 homes ranging in value from \$350,000 to \$650,000 and also maintained a pool, clubhouse, walking trail and other common grounds. As a board member for Ashton Pointe, my goals would be to maintain/grow the beauty of the subdivision to sustain and increase the value of the homes and to treat each homeowner with respect.

#### **Shawn Miner**

I am originally an Ankeny native and a 1997 graduate of the University of Iowa. My wife Carolyn and I have lived in Ashton Pointe since 2006. We have two daughters (Allison, 7 and Claire, 5) that attend Beaver Creek and one son (Sam, 2). I manage the Iowa and Nebraska division of Minnesota-based workers compensation carrier SFM Mutual. Carolyn is an ISU graduate for her BA and University of Indiana for her Masters. She stays home with help manage the house and works as a Pampered Chef consultant. I feel it's every resident of Ashton Pointe to serve on the board as it serves us all. Regardless of our occasional disagreements, we all benefit from the enforcement of our covenants to make this a neighborhood we can be proud of.
