Fax 515-278-8239

### NOVEMBER 7, 2011

#### THE JOHNSTON POLICE DEPARTMENT INTRODUCES “**I.D. ME**” PROGRAM

The Johnston Police have added a program to the department’s internet web site that seeks the public’s help in identifying persons of interest in regards to local case investigations. The program, titled **I.D. ME**, will be used by the police department to post electronic images of persons or vehicles that the police department is attempting to locate and identify in regards to an investigation. A brief narrative will accompany the images that are posted that will describe the police department’s interest in identifying those who are pictured, as well as information on who the public should call with any information they may have regarding the posted images.

For more information regarding the ID ME program you can visit <http://cityofjohnston.com/departments/police/IDMe2.php> or contact Lt. Lynn Aswegan at 515-252-1363.
